Identity theft is becoming more common, but Fort Financial is here to help protect you. All members receive Identity Theft Recovery Services when opening a Prime Savings account, giving you expert support if identity fraud ever occurs.

This fully managed service provides certified recovery advocates who research, remediate, and work to restore your identity if fraud is suspected or confirmed. Coverage also extends to your spouse or partner, dependents under age 25, and parents living at the same permanent address.

The service helps resolve many types of fraud, including bank and credit card fraud, government document fraud, employment fraud, medical identity theft, and phone or utility fraud.
